Theriogenology 57 (2002) 2323–2348

Theriogenology

# Subject Index, Volume 57

***A. pyogenes***

Lochial secretions of *Escherichia coli*- or *Arcanobacterium pyogenes*-infected bovine uteri modulate the phenotype and the functional capacity of neutrophilic granulocytes, 57 (2002) 1161

**Accessory sex glands**

B-mode ultrasonographic examination of the accessory sex glands of boars, 57 (2002) 2003

**Acrosome**

Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

Capacitation and acrosomal exocytosis are enhanced by incubation of stallion spermatozoa in a commercial semen extender, 57 (2002) 1493

**Activation**

In vitro spontaneous parthenogenetic activation of golden hamster oocytes, 57 (2002) 845

**Allelic discrimination**

Sex determination of bovine embryo blastomeres by fluorogenic probes, 57 (2002) 2229

**Alpaca**

Morphometric characterization and classification of alpaca sperm heads using the Sperm-Class Analyzer® computer-assisted system, 57 (2002) 1207

**Aminoacid transport**

Effect of glutathione synthesis stimulation during in vitro maturation of ovine oocytes on embryo development and intracellular peroxide content, 57 (2002) 1443

**And multiple birth rate**

High rates of embryonic loss, yet high incidence of multiple births in human art: is this paradoxical?, 57 (2002) 87

**Androgen receptors**

Immunohistochemical detection of androgen receptors in the canine uterus throughout the estrus cycle, 57 (2002) 2203

**Androgenesis**

Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

**Anestrous ewes**

Estrogen and progesterone receptor content in the pituitary gland and uterus of progesterone-primed and gonadotropin releasing hormone-treated anestrous ewes, 57 (2002) 1719

**Anestrus**

Administration of sulpiride to anovulatory mares in winter: effects on prolactin and gonadotropin concentrations, ovarian activity, ovulation and hair shedding, 57 (2002) 963

Improvement of reproductive performance in crossbred zebu anestrous primiparous cows by treatment with norgestomet implants or 96 h calf removal, 57 (2002) 1503

**Animals**

New gene transfer methods, 57 (2002) 189

**Anovulation**

Physiological classification of anovulatory conditions in cattle, 57 (2002) 21

**Antioxidant**

Effect of dietary supplementation with a mixture of Vitamins C and E on fertilization of tertiary butyl hydroperoxide-treated oocytes and parthenogenetic activation in the mouse, 57 (2002) 869

**Antioxidant diet**

Oral administration of pharmacological doses of Vitamins C and E reduces reproductive fitness and

Elsevier Science Inc.
PII: S0093-691X(02)00970-6

impairs the ovarian and uterine functions of female mice, 57 (2002) 1539

**Antioxidants**

Reactive oxygen species-mediated loss of bovine sperm motility in egg yolk Tris extender: protection by pyruvate, metal chelators and bovine liver or oviductal fluid catalase, 57 (2002) 1105

**Apoptosis**

Prevalence of apoptosis and inner cell allocation in bovine embryos cultured under different oxygen tensions with or without cysteine addition, 57 (2002) 1453

Analysis of DNA fragmentation of in vitro cultured bovine blastocysts using TUNEL, 57 (2002) 2193

**Aquaculture**

Comparison of extenders, dilution ratios and theophylline addition on the function of cryopreserved walleye semen, 57 (2002) 1061

***Arcanobacterium pyogenes***

Bacteriological and epidemiological findings during examination of the uterine content of ewes with retention of fetal membranes, 57 (2002) 1809

**Areolae**

The effect of estrogen receptor genotype on litter size and placental traits at term in F2 crossbred gilts, 57 (2002) 1635

Piglet and placental traits at term in relation to the estrogen receptor genotype in gilts, 57 (2002) 1651

**Beef**

Changes in ovarian function in mature beef cows grazing endophyte infected tall fescue, 57 (2002) 1733

**Beef cattle**

Environmental, genetic and social factors affecting the expression of estrus in beef cows, 57 (2002) 1357

**Beef cows**

Effects of varying levels of undegradable intake protein on endocrine and metabolic function of young post-partum beef cows, 57 (2002) 2179

**Behavior**

Environmental, genetic and social factors affecting the expression of estrus in beef cows, 57 (2002) 1357

Herding and snaking by the harem stallion in domestic herds, 57 (2002) 2139

**Bicarbonate**

Effect of medium milieu on sperm penetration and pronuclear formation of bovine oocytes matured in vitro, 57 (2002) 2093

**Blastocyst**

Blastocyst culture in human IVF: the final destination or a stop along the way?, 57 (2002) 97

Piglets born from centrifuged and vitrified early and peri-hatching blastocysts, 57 (2002) 2155

**Blastocysts**

Analysis of DNA fragmentation of in vitro cultured bovine blastocysts using TUNEL, 57 (2002) 2193

**Blood flow**

Uterine and ovarian blood flow during the estrous cycle in mares, 57 (2002) 2129

**B-mode ultrasonography**

B-mode ultrasonographic examination of the accessory sex glands of boars, 57 (2002) 2003

**Boar**

Gonadal sperm reserve in purebred Landrace and Large White boars of high average daily gain, 57 (2002) 859

B-mode ultrasonographic examination of the accessory sex glands of boars, 57 (2002) 2003

Impact of boar exposure on puberty attainment and breeding outcomes in gilts, 57 (2002) 2015

**Body condition**

Factors affecting pregnancy loss from gestation Day 38 to 90 in lactating dairy cows from a single herd, 57 (2002) 1251

**Bovine**

Microfluidic technology for assisted reproduction, 57 (2002) 125

Effects of growth hormone and insulin-like growth factor-I on development of in vitro derived bovine embryos, 57 (2002) 895

Prevalence of apoptosis and inner cell allocation in bovine embryos cultured under different oxygen tensions with or without cysteine addition, 57 (2002) 1453

Effects of acetoacetate and D-β-hydroxybutyrate on bovine in vitro embryo development in serum-free medium, 57 (2002) 1551

Adjusting the number of spermatozoa in mini-straws by determination of the operative volume of bovine semen, 57 (2002) 1743

Development of bovine oocytes reconstructed with different donor somatic cells with or without serum starvation, 57 (2002) 1819

Plasminogen activator activity in cortical granules of bovine oocytes during in vitro maturation, 57 (2002) 1897

Ultrasonic cervimetry to study the dilatation of the caudal cervix of the cow at parturition, 57 (2002) 1989

Optimization of in vitro bovine embryo production: effect of duration of maturation, length of gamete co-incubation, sperm concentration and sire, 57 (2002) 2105

Analysis of DNA fragmentation of in vitro cultured bovine blastocysts using TUNEL, 57 (2002) 2193

**Bovine blastomere**

Sex determination of bovine embryo blastomeres by fluorogenic probes, 57 (2002) 2229

**Bovine mitochondrial DNA**

Mitochondrial DNA polymorphisms and fertility in beef cattle, 57 (2002) 1603

**Bovine oocytes**

Effect of meiotic stages and maturation protocols on bovine oocyte's resistance to cryopreservation, 57 (2002) 1095

**Bovine preimplantation development**

A source for expression profiling in single preimplantation bovine embryos, 57 (2002) 1611

**Bovine semen**

Comparison of Biociphos-Plus® and TRIS-egg yolk extender for cryopreservation of bull semen, 57 (2002) 1087

**Bovine somatotropin**

Bovine somatotropin increases embryonic development in superovulated cows and improves post-transfer pregnancy rates when given to lactating recipient cows, 57 (2002) 1371

**Bovine viral diarrhea virus**

Bovine viral diarrhea virus (BVDV) and anti-BVDV antibodies in pooled samples of follicular fluid, 57 (2002) 1219

**Brilliant cresyl blue**

Selection of prepubertal goat oocytes using the brilliant cresyl blue test, 57 (2002) 1397

**bST**

The effect of interval from day of administration of bovine somatotropin (bST) to synchronization of ovulation and timed-insemination on conception rate of dairy cows with and without ovarian cysts, 57 (2002) 1293

***Bubalus bubalis***

Xenonuclear transplantation of buffalo (*Bubalus bubalis*) fetal and adult somatic cell nuclei into bovine (*Bos indicus*) oocyte cytoplasm and their subsequent development, 57 (2002) 1829

**Buffalo**

In vitro embryo production in buffalo species: state of the art, 57 (2002) 237

Timing of sequential changes in cumulus cells and first polar body extrusion during in vitro maturation of buffalo oocytes, 57 (2002) 1151

Comparison of two Ovsynch protocols (GnRH versus LH) for fixed timed insemination in buffalo (*Bubalus bubalis*), 57 (2002) 1421

In vitro culture of buffalo (*Bubalus bubalis*) preantral follicles, 57 (2002) 1839

**Buffalo calves**

Hormonal stimulation and oocyte maturational competence in prepuberal Mediterranean Italian buffaloes (*Bubalus bubalis*), 57 (2002) 1877

**Bull**

Ultrasound-guided injection of contrast medium into the crus penis for diagnosis of erection failure in bulls, 57 (2002) 1199

Factors affecting pregnancy loss from gestation Day 38 to 90 in lactating dairy cows from a single herd, 57 (2002) 1251

**Bull sperm**

Low density lipoproteins extracted from hen egg yolk by an easy method: cryoprotective effect on frozen–thawed bull semen, 57 (2002) 1695

**BVDV**

Bovine viral diarrhea virus (BVDV) and anti-BVDV antibodies in pooled samples of follicular fluid, 57 (2002) 1219

**CAEV**

Presence of caprine arthritis–encephalitis virus (CAEV) infected cells in flushing media following

oviductal-stage embryo collection, 57 (2002) 931

**Calcium**

Serum calcium and magnesium concentrations and the use of a calcium–magnesium-borogluconate solution in the treatment of Friesian mares with retained placenta, 57 (2002) 941

Effect of medium milieu on sperm penetration and pronuclear formation of bovine oocytes matured in vitro, 57 (2002) 2093

**Calcium ion**

In vitro spontaneous parthenogenetic activation of golden hamster oocytes, 57 (2002) 845

**Calf removal**

Improvement of reproductive performance in crossbred zebu anestrous primiparous cows by treatment with norgestomet implants or 96 h calf removal, 57 (2002) 1503

**Calves**

Birth of normal calves after intracytoplasmic sperm injection of bovine oocytes: a methodological approach, 57 (2002) 1013

**cAMP**

Second messenger systems in the action of LH and oxytocin on porcine endometrial cells in vitro, 57 (2002) 2217

**Canine**

The effects of oocyte storage and cumulus cell presence on canine zona penetration by domestic dog spermatozoa, 57 (2002) 1123

Recovery of motile, membrane-intact spermatozoa from canine epididymides stored for 8 days at 4 °C, 57 (2002) 1179

Possible role for insulin-like growth factor-I in the pathogenesis of cystic endometrial hyperplasia pyometra complex in the bitch, 57 (2002) 2271

**Capacitation**

Current status of sperm cryopreservation: why isn't it better?, 57 (2002) 327

Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

Capacitation and acrosomal exocytosis are enhanced by incubation of stallion spermatozoa in a commercial semen extender, 57 (2002) 1493

**Caprine arthritis–encephalitis virus**

Presence of caprine arthritis–encephalitis virus (CAEV) infected cells in flushing media following oviductal-stage embryo collection, 57 (2002) 931

**Carnivore**

Papanicolaou staining of exfoliated vaginal epithelial cells facilitates the prediction of ovulation in the giant panda, 57 (2002) 1855

Surgical transfer of in vivo produced farmed European polecat *(Mustela putorius)* embryos, 57 (2002) 2167

**Cat**

Correlation between the age of the conceptus and various ultrasonographic measurements during the first 30 days of pregnancy in domestic cats (*Felis catus*), 57 (2002) 1981

**Cat oocyte**

In vitro maturation, fertilization and development of domestic cat oocytes recovered from ovaries collected at three stages of the reproductive cycle, 57 (2002) 2289

**Cattle**

Physiological classification of anovulatory conditions in cattle, 57 (2002) 21

Application of electronic estrus detection technologies to reproductive management of cattle, 57 (2002) 137

Effect of preparing and loading multiple insemination guns on conception rate in two large commercial dairy herds, 57 (2002) 909

Ultrastructural differences in bovine morulae classified as high and low qualities by morphological evaluation, 57 (2002) 1273

The ploidy of in vitro matured bovine oocytes is related to the diameter, 57 (2002) 1303

The effect of increased dietary intake on superovulatory response to FSH in heifers, 57 (2002) 1591

Pregnancy rates for Grade 2 embryos following administration of synthetic GnRH at the time of transfer in embryo-recipient cattle, 57 (2002) 2083

**Cavernosogram**

Ultrasound-guided injection of contrast medium into the crus penis for diagnosis of erection failure in bulls, 57 (2002) 1199

**Centrifugation**

Effect of centrifugation on in vitro survival of fresh diluted canine spermatozoa, 57 (2002) 1669

**Cervical insemination**
Cryopreservation and post-thawed fertility of ram semen frozen in different trehalose concentrations, 57 (2002) 1801

**Cervix**
Ultrasonic cervimetry to study the dilatation of the caudal cervix of the cow at parturition, 57 (2002) 1989

**CIDR-B**
The use of progestins in regimens for fixed-time artificial insemination in beef cattle, 57 (2002) 1049

**Clenbuterol**
Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens, cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563

**Clinical applications**
Computer assisted semen analyzers in andrology research and veterinary practice, 57 (2002) 149

**Cloprostenol**
Synchronization of estrus in virgin beef heifers using melengestrol acetate and $PGF_{2\alpha}$: an efficacy comparison of cloprostenol and dinoprost tromethamine, 57 (2002) 853

**COC**
Effect of cumulus cell removal of in vitro matured bovine oocytes prior to in vitro fertilization on subsequent cleavage rate, 57 (2002) 1347

**Collection frequency**
Collection frequency affects percent Y-chromosome bearing sperm, sperm head area and quality of bovine ejaculates, 57 (2002) 1327

**Color Doppler sonography**
Transrectal Doppler sonography of uterine blood flow in cows during pregnancy, 57 (2002) 2053

**Computer-assisted sperm analysis (CASA)**
Computer assisted semen analyzers in andrology research and veterinary practice, 57 (2002) 149

**Conception**
Effect of preparing and loading multiple insemination guns on conception rate in two large commercial dairy herds, 57 (2002) 909

**Conservation**
Animal genetic resources in Brazil: result of five centuries of natural selection, 57 (2002) 223

**Contrast study**
Ultrasound-guided injection of contrast medium into the crus penis for diagnosis of erection failure in bulls, 57 (2002) 1199

**Corpus luteum**
Factors affecting pregnancy loss from gestation Day 38 to 90 in lactating dairy cows from a single herd, 57 (2002) 1251
Luteal blood flow during the estrous cycle in mares, 57 (2002) 2043

**Cortical granules**
Plasminogen activator activity in cortical granules of bovine oocytes during in vitro maturation, 57 (2002) 1897

**Cow**
Effects of in vivo prematuration and in vivo final maturation on developmental capacity and quality of pre-implantation embryos, 57 (2002) 5
Lochial secretions of *Escherichia coli*- or *Arcanobacterium pyogenes*-infected bovine uteri modulate the phenotype and the functional capacity of neutrophilic granulocytes, 57 (2002) 1161
Spontaneous oxidative DNA damage in bovine retained and nonretained placental membranes, 57 (2002) 1929
Peripheral changes in estrone sulfate concentration during the first trimester of gestation in cattle: comparison with unconjugated estrogens and relationship to fetal number, 57 (2002) 1939
Transrectal Doppler sonography of uterine blood flow in cows during pregnancy, 57 (2002) 2053

**Crossbred zebu**
Improvement of reproductive performance in crossbred zebu anestrous primiparous cows by treatment with norgestomet implants or 96 h calf removal, 57 (2002) 1503

**Cryopreservation**
Advancements in cryopreservation of domestic animal embryos, 57 (2002) 285
Current status of sperm cryopreservation: why isn't it better?, 57 (2002) 327
Comparison of extenders, dilution ratios and theophylline addition on the function of cryopreserved walleye semen, 57 (2002) 1061

Comparison of Biociphos-Plus® and TRIS-egg yolk extender for cryopreservation of bull semen, 57 (2002) 1087

Reactive oxygen species-mediated loss of bovine sperm motility in egg yolk Tris extender: protection by pyruvate, metal chelators and bovine liver or oviductal fluid catalase, 57 (2002) 1105

Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

Cryopreservation and post-thawed fertility of ram semen frozen in different trehalose concentrations, 57 (2002) 1801

In vitro fertilizing capacity and chromatin condensation of deep frozen boar semen packaged in 0.5 and 5 ml straws, 57 (2002) 2119

**Cryoprotection**

Low density lipoproteins extracted from hen egg yolk by an easy method: cryoprotective effect on frozen–thawed bull semen, 57 (2002) 1695

**Cryptorchidism**

Testosterone secretion and semen plasma enzyme activity in rams with genital pathology stimulated with GnRH, 57 (2002) 1907

**Culture**

Microfluidic technology for assisted reproduction, 57 (2002) 125

Effects of acetoacetate and D-β-hydroxybutyrate on bovine in vitro embryo development in serum-free medium, 57 (2002) 1551

In vitro culture of buffalo (*Bubalus bubalis*) preantral follicles, 57 (2002) 1839

**Cumulus cells**

The effects of oocyte storage and cumulus cell presence on canine zona penetration by domestic dog spermatozoa, 57 (2002) 1123

Timing of sequential changes in cumulus cells and first polar body extrusion during in vitro maturation of buffalo oocytes, 57 (2002) 1151

Effect of cumulus cell removal of in vitro matured bovine oocytes prior to in vitro fertilization on subsequent cleavage rate, 57 (2002) 1347

**Cumulus expansion**

Pure preovulatory follicular fluid promotes in vitro maturation of in vivo aspirated equine oocytes, 57 (2002) 1765

**Cysteine**

Prevalence of apoptosis and inner cell allocation in bovine embryos cultured under different oxygen tensions with or without cysteine addition, 57 (2002) 1453

**Cystic endometrial hyperplasia**

Possible role for insulin-like growth factor-I in the pathogenesis of cystic endometrial hyperplasia pyometra complex in the bitch, 57 (2002) 2271

**Cytoplasmic maturation**

Involvement of steroid hormones on in vitro maturation of pig oocytes, 57 (2002) 811

Effect of glutathione synthesis stimulation during in vitro maturation of ovine oocytes on embryo development and intracellular peroxide content, 57 (2002) 1443

**Daily weight gain**

Gonadal sperm reserve in purebred Landrace and Large White boars of high average daily gain, 57 (2002) 859

**Dairy cows**

Factors affecting pregnancy loss from gestation Day 38 to 90 in lactating dairy cows from a single herd, 57 (2002) 1251

The effect of interval from day of administration of bovine somatotropin (bST) to synchronization of ovulation and timed-insemination on conception rate of dairy cows with and without ovarian cysts, 57 (2002) 1293

**Dairy heifer**

Repeat breeding in dairy heifers: follicular dynamics and estrous cycle characteristics in relation to sexual hormone patterns, 57 (2002) 2257

**Deepgoldenpig™**

Intrauterine insemination of sows with reduced sperm numbers: results of a commercially based field trial, 57 (2002) 1683

**Delayed ovulation**

Embryo recovery and pregnancy rates after the delay of ovulation and fixed time insemination in superstimulated beef cows, 57 (2002) 1625

**Deslorelin**

Embryo recovery and pregnancy rates after the delay of ovulation and fixed time insemination in superstimulated beef cows, 57 (2002) 1625

**Development**
Development of bovine oocytes reconstructed with different donor somatic cells with or without serum starvation, 57 (2002) 1819

**Developmental competence**
In vitro maturation, fertilization and development of domestic cat oocytes recovered from ovaries collected at three stages of the reproductive cycle, 57 (2002) 2289

**Developmental genes**
A source for expression profiling in single preimplantation bovine embryos, 57 (2002) 1611

**Dilatation**
Ultrasonic cervimetry to study the dilatation of the caudal cervix of the cow at parturition, 57 (2002) 1989

**Dilution**
Effect of centrifugation on in vitro survival of fresh diluted canine spermatozoa, 57 (2002) 1669

**Dinoprost tromethamine**
Synchronization of estrus in virgin beef heifers using melengestrol acetate and $PGF_{2\alpha}$: an efficacy comparison of cloprostenol and dinoprost tromethamine, 57 (2002) 853

**Diploid**
The ploidy of in vitro matured bovine oocytes is related to the diameter, 57 (2002) 1303

**Divergent species**
Sperm antigenicity shared in five vertebrate classes, 57 (2002) 1073

**D-loop**
Mitochondrial DNA polymorphisms and fertility in beef cattle, 57 (2002) 1603

**DNA**
Effect of storage time and temperature on stallion sperm DNA and fertility, 57 (2002) 1135
Spontaneous oxidative DNA damage in bovine retained and nonretained placental membranes, 57 (2002) 1929

**DNA sequence**
Polymorphic distribution of the ovine prion protein (*PrP*) gene in scrapie-infected sheep flocks in which embryo transfer was used to circumvent the transmissions of scrapie, 57 (2002) 1865

**Dog**
Characterization of PH-20 in canine spermatozoa and testis, 57 (2002) 977
Serum and seminal markers in the diagnosis of disorders of the genital tract of the dog: a mini-review, 57 (2002) 1285
Effect of centrifugation on in vitro survival of fresh diluted canine spermatozoa, 57 (2002) 1669
Immunohistochemical detection of androgen receptors in the canine uterus throughout the estrus cycle, 57 (2002) 2203

**Dog estrous cycle**
Comparisons of estradiol, LH and FSH patterns in pregnant and nonpregnant beagle bitches, 57 (2002) 1957

***E. coli***
Lochial secretions of *Escherichia coli*- or *Arcanobacterium pyogenes*-infected bovine uteri modulate the phenotype and the functional capacity of neutrophilic granulocytes, 57 (2002) 1161

**Early gestation**
Peripheral changes in estrone sulfate concentration during the first trimester of gestation in cattle: comparison with unconjugated estrogens and relationship to fetal number, 57 (2002) 1939

**Early weaning**
Administration of prostaglandin $F_{2\alpha}$ after farrowing alters the association between lactation length and subsequent litter size in mid- or old-parity sows, 57 (2002) 837
Effects of lactation length and an exogenous progesterone and estradiol-17β regimen during embryo attachment on endogenous steroid concentrations and embryo survival in sows, 57 (2002) 2063

**Electronic**
Application of electronic estrus detection technologies to reproductive management of cattle, 57 (2002) 137

**ELISA**
Sperm antigenicity shared in five vertebrate classes, 57 (2002) 1073

**Embryo**
Leptin regulation of reproductive function and fertility, 57 (2002) 73
Microfluidic technology for assisted reproduction, 57 (2002) 125

Advancements in cryopreservation of domestic animal embryos, 57 (2002) 285

Effects of growth hormone and insulin-like growth factor-I on development of in vitro derived bovine embryos, 57 (2002) 895

Presence of caprine arthritis–encephalitis virus (CAEV) infected cells in flushing media following oviductal-stage embryo collection, 57 (2002) 931

Measurement of inhibin A and follicular status predict the response of ewes to superovulatory FSH treatments, 57 (2002) 1263

Prevalence of apoptosis and inner cell allocation in bovine embryos cultured under different oxygen tensions with or without cysteine addition, 57 (2002) 1453

Effects of acetoacetate and D-β-hydroxybutyrate on bovine in vitro embryo development in serum-free medium, 57 (2002) 1551

**Embryo culture**

Blastocyst culture in human IVF: the final destination or a stop along the way?, 57 (2002) 97

**Embryo development**

Ultrastructural differences in bovine morulae classified as high and low qualities by morphological evaluation, 57 (2002) 1273

Oral administration of pharmacological doses of Vitamins C and E reduces reproductive fitness and impairs the ovarian and uterine functions of female mice, 57 (2002) 1539

**Embryo manipulation**

The placenta as a contributor to production of large calves, 57 (2002) 181

**Embryo mortality**

Effects of lactation length and an exogenous progesterone and estradiol-17β regimen during embryo attachment on endogenous steroid concentrations and embryo survival in sows, 57 (2002) 2063

**Embryo quality**

Effects of in vivo prematuration and in vivo final maturation on developmental capacity and quality of pre-implantation embryos, 57 (2002) 5

Ultrastructural differences in bovine morulae classified as high and low qualities by morphological evaluation, 57 (2002) 1273

**Embryo recovery**

Surgical transfer of in vivo produced farmed European polecat *(Mustela putorius)* embryos, 57 (2002) 2167

**Embryo selection techniques**

High rates of embryonic loss, yet high incidence of multiple births in human art: is this paradoxical?, 57 (2002) 87

**Embryo transfer**

The control of follicular wave development for self-appointed embryo transfer programs in cattle, 57 (2002) 53

Bovine somatotropin increases embryonic development in superovulated cows and improves post-transfer pregnancy rates when given to lactating recipient cows, 57 (2002) 1371

Transfer of porcine embryos through mini-laparotomy, 57 (2002) 1533

Embryo recovery and pregnancy rates after the delay of ovulation and fixed time insemination in superstimulated beef cows, 57 (2002) 1625

Polymorphic distribution of the ovine prion protein (*PrP*) gene in scrapie-infected sheep flocks in which embryo transfer was used to circumvent the transmissions of scrapie, 57 (2002) 1865

Pregnancy rates for Grade 2 embryos following administration of synthetic GnRH at the time of transfer in embryo-recipient cattle, 57 (2002) 2083

Surgical transfer of in vivo produced farmed European polecat *(Mustela putorius)* embryos, 57 (2002) 2167

Factors influencing efficient production of transgenic rabbits, 57 (2002) 2237

**Embryonic cDNA expression libraries**

A source for expression profiling in single preimplantation bovine embryos, 57 (2002) 1611

**Embryonic loss**

High rates of embryonic loss, yet high incidence of multiple births in human art: is this paradoxical?, 57 (2002) 87

**Embryos**

In vitro production of embryos in swine, 57 (2002) 257

**Endometritis**

Lochial secretions of *Escherichia coli*- or *Arcanobacterium pyogenes*-infected bovine uteri modulate the phenotype and the functional capacity of neutrophilic granulocytes, 57 (2002) 1161

**Endometrium**
Second messenger systems in the action of LH and oxytocin on porcine endometrial cells in vitro, 57 (2002) 2217

**Energy balance**
Milk yield, energy balance, hormone, follicular and oocyte measures in early and mid-lactation Holstein cows, 57 (2002) 949

**Epididymal sperm**
Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

**Epididymal spermatozoa**
Recovery of motile, membrane-intact spermatozoa from canine epididymides stored for 8 days at 4 °C, 57 (2002) 1179

**Equine**
Generation of reactive oxygen species by equine neutrophils and their effect on motility of equine spermatozoa, 57 (2002) 1025

**Erection failure**
Ultrasound-guided injection of contrast medium into the crus penis for diagnosis of erection failure in bulls, 57 (2002) 1199

**Estradiol**
The control of follicular wave development for self-appointed embryo transfer programs in cattle, 57 (2002) 53
Involvement of steroid hormones on in vitro maturation of pig oocytes, 57 (2002) 811
Mechanisms responsible for increase in circulating inhibin levels at the time of ovulation in mares, 57 (2002) 1707

**Estrogen**
Estrogen and progesterone receptor content in the pituitary gland and uterus of progesterone-primed and gonadotropin releasing hormone-treated anestrous ewes, 57 (2002) 1719
Peripheral changes in estrone sulfate concentration during the first trimester of gestation in cattle: comparison with unconjugated estrogens and relationship to fetal number, 57 (2002) 1939
Uterine and ovarian blood flow during the estrous cycle in mares, 57 (2002) 2129

**Estrogen receptor gene**
The effect of estrogen receptor genotype on litter size and placental traits at term in F2 crossbred gilts, 57 (2002) 1635
Piglet and placental traits at term in relation to the estrogen receptor genotype in gilts, 57 (2002) 1651

**Estrogens**
Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens, cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563

**Estrous**
Papanicolaou staining of exfoliated vaginal epithelial cells facilitates the prediction of ovulation in the giant panda, 57 (2002) 1855

**Estrous cycle**
Relation between progesterone concentrations during the early luteal phase and follicular dynamics in goats, 57 (2002) 1411
Changes in ovarian function in mature beef cows grazing endophyte infected tall fescue, 57 (2002) 1733
Luteal blood flow during the estrous cycle in mares, 57 (2002) 2043

**Estrous synchronization**
Synchronization of estrus in beef heifers using either melengesterol acetate (MGA)/prostaglandin or MGA/Select Synch, 57 (2002) 1485

**Estrus**
Environmental, genetic and social factors affecting the expression of estrus in beef cows, 57 (2002) 1357
Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens, cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563
Repeat breeding in dairy heifers: follicular dynamics and estrous cycle characteristics in relation to sexual hormone patterns, 57 (2002) 2257

**Estrus detection**
Application of electronic estrus detection technologies to reproductive management of cattle, 57 (2002) 137

**Estrus synchronization**
Synchronization of estrus in virgin beef heifers using melengestrol acetate and $PGF_{2\alpha}$: an efficacy comparison of cloprostenol and dinoprost tromethamine, 57 (2002) 853

**ESTs**
A source for expression profiling in single preimplantation bovine embryos, 57 (2002) 1611

**Ethanol activation**
Birth of normal calves after intracytoplasmic sperm injection of bovine oocytes: a methodological approach, 57 (2002) 1013

**Evolution**
Sperm antigenicity shared in five vertebrate classes, 57 (2002) 1073

**Ewes**
Measurement of inhibin A and follicular status predict the response of ewes to superovulatory FSH treatments, 57 (2002) 1263

**Ex situ preservation**
Surgical transfer of in vivo produced farmed European polecat *(Mustela putorius)* embryos, 57 (2002) 2167

**Extender**
Comparison of Biociphos-Plus® and TRIS-egg yolk extender for cryopreservation of bull semen, 57 (2002) 1087
Capacitation and acrosomal exocytosis are enhanced by incubation of stallion spermatozoa in a commercial semen extender, 57 (2002) 1493

**Extenders**
Effect of different extenders and storage temperatures on sperm viability of liquid ram semen, 57 (2002) 823

**Extract**
Reproductive toxicity and infertility effect of *Ferula hormonis* extracts in mice, 57 (2002) 2247

**Extraction**
Low density lipoproteins extracted from hen egg yolk by an easy method: cryoprotective effect on frozen–thawed bull semen, 57 (2002) 1695

**Farrowing rate**
Intrauterine insemination of sows with reduced sperm numbers: results of a commercially based field trial, 57 (2002) 1683

**Fecal androgens**
Seasonal analysis of semen characteristics, serum testosterone and fecal androgens in the ocelot (*Leopardus pardalis*), margay (*L. wiedii*) and tigrina (*L. tigrinus*), 57 (2002) 2027

**Fecundity**
Intrauterine insemination of sows with reduced sperm numbers: results of a commercially based field trial, 57 (2002) 1683

**Ferret**
Surgical transfer of in vivo produced farmed European polecat *(Mustela putorius)* embryos, 57 (2002) 2167

**Fertility**
Mitochondrial DNA polymorphisms and fertility in beef cattle, 57 (2002) 1603
Influence of centrifugation or low extension rates prefreezing on the fertility of ram semen after cervical insemination, 57 (2002) 1781
Reproductive toxicity and infertility effect of *Ferula hormonis* extracts in mice, 57 (2002) 2247

**Fertilization**
Effect of dietary supplementation with a mixture of Vitamins C and E on fertilization of tertiary butyl hydroperoxide-treated oocytes and parthenogenetic activation in the mouse, 57 (2002) 869
Comparison of extenders, dilution ratios and theophylline addition on the function of cryopreserved walleye semen, 57 (2002) 1061
Effect of follicular size on meiotic and developmental competence of porcine oocytes, 57 (2002) 1523
Optimization of in vitro bovine embryo production: effect of duration of maturation, length of gamete co-incubation, sperm concentration and sire, 57 (2002) 2105

**Fescue**
Changes in ovarian function in mature beef cows grazing endophyte infected tall fescue, 57 (2002) 1733

**Fetal membranes**
Bacteriological and epidemiological findings during examination of the uterine content of ewes with retention of fetal membranes, 57 (2002) 1809

**Fetal number**
Peripheral changes in estrone sulfate concentration during the first trimester of gestation in cattle: comparison with unconjugated estrogens and relationship to fetal number, 57 (2002) 1939

**Fine structure**
Ultrastructural differences in bovine morulae classified as high and low qualities by morphological evaluation, 57 (2002) 1273

**Fish**
Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

**Fixed-time AI**
The use of progestins in regimens for fixed-time artificial insemination in beef cattle, 57 (2002) 1049

**Flushing media**
Presence of caprine arthritis–encephalitis virus (CAEV) infected cells in flushing media following oviductal-stage embryo collection, 57 (2002) 931

**Follicle**
Repeat breeding in dairy heifers: follicular dynamics and estrous cycle characteristics in relation to sexual hormone patterns, 57 (2002) 2257

**Follicle quality**
Zebu (*Bos indicus*) ovarian preantral follicles: morphological characterization and development of an efficient isolation method, 57 (2002) 1467

**Follicles**
Milk yield, energy balance, hormone, follicular and oocyte measures in early and mid-lactation Holstein cows, 57 (2002) 949

**Follicular aspiration**
Pure preovulatory follicular fluid promotes in vitro maturation of in vivo aspirated equine oocytes, 57 (2002) 1765

**Follicular development**
The control of follicular wave development for self-appointed embryo transfer programs in cattle, 57 (2002) 53

**Follicular fluid**
Bovine viral diarrhea virus (BVDV) and anti-BVDV antibodies in pooled samples of follicular fluid, 57 (2002) 1219
Mechanisms responsible for increase in circulating inhibin levels at the time of ovulation in mares, 57 (2002) 1707

**Follicular synchronization**
Pure preovulatory follicular fluid promotes in vitro maturation of in vivo aspirated equine oocytes, 57 (2002) 1765

**Follicular waves**
Relation between progesterone concentrations during the early luteal phase and follicular dynamics in goats, 57 (2002) 1411

**Follicular-status**
Measurement of inhibin A and follicular status predict the response of ewes to superovulatory FSH treatments, 57 (2002) 1263

**Folliculocentesis**
Advances in the production and propagation of transgenic goats using laparoscopic ovum pick-up and in vitro embryo production technologies, 57 (2002) 275

**Freezing**
Advancements in cryopreservation of domestic animal embryos, 57 (2002) 285

**Friesian mares**
Reproductive performance of Friesian mares after retained placenta and manual removal of the placenta, 57 (2002) 923
Serum calcium and magnesium concentrations and the use of a calcium–magnesium-borogluconate solution in the treatment of Friesian mares with retained placenta, 57 (2002) 941

**Frozen semen**
Influence of centrifugation or low extension rates prefreezing on the fertility of ram semen after cervical insemination, 57 (2002) 1781

**FSH**
The effect of increased dietary intake on superovulatory response to FSH in heifers, 57 (2002) 1591
Effects of varying levels of undegradable intake protein on endocrine and metabolic function of young post-partum beef cows, 57 (2002) 2179

**Gametes**
Leptin regulation of reproductive function and fertility, 57 (2002) 73

**Genetic engineering**
New gene transfer methods, 57 (2002) 189

**Genetic resource**
Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

**Giant panda**
Papanicolaou staining of exfoliated vaginal epithelial cells facilitates the prediction of ovulation in the giant panda, 57 (2002) 1855

**Gilt**
Impact of boar exposure on puberty attainment and breeding outcomes in gilts, 57 (2002) 2015

**GMO**
New gene transfer methods, 57 (2002) 189

**GnRH**
Comparison of two Ovsynch protocols (GnRH versus LH) for fixed timed insemination in buffalo (*Bubalus bubalis*), 57 (2002) 1421
Synchronization of estrus in beef heifers using either melengesterol acetate (MGA)/prostaglandin or MGA/Select Synch, 57 (2002) 1485
Estrogen and progesterone receptor content in the pituitary gland and uterus of progesterone-primed and gonadotropin releasing hormone-treated anestrous ewes, 57 (2002) 1719
Testosterone secretion and semen plasma enzyme activity in rams with genital pathology stimulated with GnRH, 57 (2002) 1907
Pregnancy rates for Grade 2 embryos following administration of synthetic GnRH at the time of transfer in embryo-recipient cattle, 57 (2002) 2083

**Goat**
Presence of caprine arthritis–encephalitis virus (CAEV) infected cells in flushing media following oviductal-stage embryo collection, 57 (2002) 931
Seasonal variation of goat seminal plasma proteins, 57 (2002) 1035
Selection of prepubertal goat oocytes using the brilliant cresyl blue test, 57 (2002) 1397
Relation between progesterone concentrations during the early luteal phase and follicular dynamics in goats, 57 (2002) 1411
Effect of in vitro and in vivo culture on embryo development from prepubertal goat IVM–IVF oocytes, 57 (2002) 1431

**Golden hamster**
In vitro spontaneous parthenogenetic activation of golden hamster oocytes, 57 (2002) 845

**Granulosa cell tumor**
Inhibin concentrations in mares with granulosa cell tumors, 57 (2002) 1885

**Growth**
Piglet and placental traits at term in relation to the estrogen receptor genotype in gilts, 57 (2002) 1651
In vitro culture of buffalo (*Bubalus bubalis*) preantral follicles, 57 (2002) 1839

**Growth hormone**
Effects of growth hormone and insulin-like growth factor-I on development of in vitro derived bovine embryos, 57 (2002) 895
Growth hormone or insulin-like growth factor-I extends longevity of equine spermatozoa in vitro, 57 (2002) 1793

**Haploid parthenogenetic**
Viable offspring derived from cryopreserved haploid rabbit parthenotes, 57 (2002) 1319

**Heifers**
Synchronization of estrus in beef heifers using either melengesterol acetate (MGA)/prostaglandin or MGA/Select Synch, 57 (2002) 1485

**Hemicloning**
Viable offspring derived from cryopreserved haploid rabbit parthenotes, 57 (2002) 1319

**Hemizygous**
Viable offspring derived from cryopreserved haploid rabbit parthenotes, 57 (2002) 1319

**Heparin**
Seasonal variation of goat seminal plasma proteins, 57 (2002) 1035

**Herding**
Herding and snaking by the harem stallion in domestic herds, 57 (2002) 2139

**Holstein**
Collection frequency affects percent Y-chromosome bearing sperm, sperm head area and quality of bovine ejaculates, 57 (2002) 1327
Effect of precocious collection on semen output and quality in young Holstein bulls, 57 (2002) 1511

**Hormonal characterization**
Comparisons of estradiol, LH and FSH patterns in pregnant and nonpregnant beagle bitches, 57 (2002) 1957

**Hormonal stimulation**
Hormonal stimulation and oocyte maturational competence in prepuberal Mediterranean Italian buffaloes (*Bubalus bubalis*), 57 (2002) 1877

**Hormones**
Inhibin concentrations in mares with granulosa cell tumors, 57 (2002) 1885

**Horse**
Effect of co-culture with theca interna on nuclear maturation of horse oocytes with low meiotic competence, and subsequent fusion and activation rates after nuclear transfer, 57 (2002) 1005
Mechanisms responsible for increase in circulating inhibin levels at the time of ovulation in mares, 57 (2002) 1707

**Human embryos**
Blastocyst culture in human IVF: the final destination or a stop along the way?, 57 (2002) 97

**Human IVF**
High rates of embryonic loss, yet high incidence of multiple births in human art: is this paradoxical?, 57 (2002) 87

**Hyaluronidase**
Characterization of PH-20 in canine spermatozoa and testis, 57 (2002) 977

**Hydrogen peroxide**
Generation of reactive oxygen species by equine neutrophils and their effect on motility of equine spermatozoa, 57 (2002) 1025
Reactive oxygen species-mediated loss of bovine sperm motility in egg yolk Tris extender: protection by pyruvate, metal chelators and bovine liver or oviductal fluid catalase, 57 (2002) 1105

**8-Hydroxy-2′-deoxyguanosine**
Spontaneous oxidative DNA damage in bovine retained and nonretained placental membranes, 57 (2002) 1929

**Hypertonic extenders**
Cryopreservation and post-thawed fertility of ram semen frozen in different trehalose concentrations, 57 (2002) 1801

**ICM**
Prevalence of apoptosis and inner cell allocation in bovine embryos cultured under different oxygen tensions with or without cysteine addition, 57 (2002) 1453

**ICSI**
Birth of normal calves after intracytoplasmic sperm injection of bovine oocytes: a methodological approach, 57 (2002) 1013

**IGF-I**
Milk yield, energy balance, hormone, follicular and oocyte measures in early and mid-lactation Holstein cows, 57 (2002) 949
Possible role for insulin-like growth factor-I in the pathogenesis of cystic endometrial hyperplasia pyometra complex in the bitch, 57 (2002) 2271

**Immobilization**
Birth of normal calves after intracytoplasmic sperm injection of bovine oocytes: a methodological approach, 57 (2002) 1013

**Immunohistochemistry**
Characterization of PH-20 in canine spermatozoa and testis, 57 (2002) 977
Immunohistochemical detection of androgen receptors in the canine uterus throughout the estrus cycle, 57 (2002) 2203
Possible role for insulin-like growth factor-I in the pathogenesis of cystic endometrial hyperplasia pyometra complex in the bitch, 57 (2002) 2271

**Implantation**
Oral administration of pharmacological doses of Vitamins C and E reduces reproductive fitness and impairs the ovarian and uterine functions of female mice, 57 (2002) 1539
Reproductive toxicity and infertility effect of *Ferula hormonis* extracts in mice, 57 (2002) 2247

**In vitro**
Effects of acetoacetate and D-β-hydroxybutyrate on bovine in vitro embryo development in serum-free medium, 57 (2002) 1551
In vitro culture of buffalo (*Bubalus bubalis*) preantral follicles, 57 (2002) 1839
In vitro maturation, fertilization and development of domestic cat oocytes recovered from ovaries collected at three stages of the reproductive cycle, 57 (2002) 2289

**In vitro embryo production**
In vitro embryo production in buffalo species: state of the art, 57 (2002) 237

**In vitro fertilization**
Effects of growth hormone and insulin-like growth factor-I on development of in vitro derived bovine embryos, 57 (2002) 895
In vitro fertilizing capacity and chromatin condensation of deep frozen boar semen packaged in 0.5 and 5 ml straws, 57 (2002) 2119

**In vitro maturation**
Effect of co-culture with theca interna on nuclear maturation of horse oocytes with low meiotic competence, and subsequent fusion and activation rates after nuclear transfer, 57 (2002) 1005
The ploidy of in vitro matured bovine oocytes is related to the diameter, 57 (2002) 1303
Effect of holding at room temperature on initial chromatin configuration and in vitro maturation rate of equine oocytes, 57 (2002) 1973

**In vitro production**
Microfluidic technology for assisted reproduction, 57 (2002) 125

**In vitro–in vivo maturation**
Hormonal stimulation and oocyte maturational competence in prepuberal Mediterranean Italian buffaloes (*Bubalus bubalis*), 57 (2002) 1877

**In vivo culture**
Effect of in vitro and in vivo culture on embryo development from prepubertal goat IVM–IVF oocytes, 57 (2002) 1431

**In vivo maturation**
Effects of in vivo prematuration and in vivo final maturation on developmental capacity and quality of pre-implantation embryos, 57 (2002) 5

**Induced ovulation**
Surgical transfer of in vivo produced farmed European polecat (*Mustela putorius*) embryos, 57 (2002) 2167

**Infection**
Bacteriological and epidemiological findings during examination of the uterine content of ewes with retention of fetal membranes, 57 (2002) 1809

**Inhibin**
Mechanisms responsible for increase in circulating inhibin levels at the time of ovulation in mares, 57 (2002) 1707
Inhibin concentrations in mares with granulosa cell tumors, 57 (2002) 1885

**Inhibin A**
Measurement of inhibin A and follicular status predict the response of ewes to superovulatory FSH treatments, 57 (2002) 1263

**Inositol phosphates**
Second messenger systems in the action of LH and oxytocin on porcine endometrial cells in vitro, 57 (2002) 2217

**Insemination**
Effect of preparing and loading multiple insemination guns on conception rate in two large commercial dairy herds, 57 (2002) 909
Influence of centrifugation or low extension rates prefreezing on the fertility of ram semen after cervical insemination, 57 (2002) 1781

**Insulin**
The effect of increased dietary intake on superovulatory response to FSH in heifers, 57 (2002) 1591

**Insulin-like growth factor-I**
Effects of growth hormone and insulin-like growth factor-I on development of in vitro derived bovine embryos, 57 (2002) 895
Growth hormone or insulin-like growth factor-I extends longevity of equine spermatozoa in vitro, 57 (2002) 1793

**Intracervical**
Influence of centrifugation or low extension rates prefreezing on the fertility of ram semen after cervical insemination, 57 (2002) 1781

**Isolation**
Zebu (*Bos indicus*) ovarian preantral follicles: morphological characterization and development of an efficient isolation method, 57 (2002) 1467

**IVC**
Effect of in vitro and in vivo culture on embryo development from prepubertal goat IVM–IVF oocytes, 57 (2002) 1431

**IVF**
Blastocyst culture in human IVF: the final destination or a stop along the way?, 57 (2002) 97
In vitro production of embryos in swine, 57 (2002) 257
Bovine viral diarrhea virus (BVDV) and anti-BVDV antibodies in pooled samples of follicular fluid, 57 (2002) 1219

Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

Effect of cumulus cell removal of in vitro matured bovine oocytes prior to in vitro fertilization on subsequent cleavage rate, 57 (2002) 1347

Selection of prepubertal goat oocytes using the brilliant cresyl blue test, 57 (2002) 1397

Effect of in vitro and in vivo culture on embryo development from prepubertal goat IVM–IVF oocytes, 57 (2002) 1431

**IVF medium**

Effect of sperm survival and CTC staining pattern on in vitro fertilization of porcine oocytes, 57 (2002) 1917

**IVF-ET**

Peripheral changes in estrone sulfate concentration during the first trimester of gestation in cattle: comparison with unconjugated estrogens and relationship to fetal number, 57 (2002) 1939

**IVM**

In vitro production of embryos in swine, 57 (2002) 257

Timing of sequential changes in cumulus cells and first polar body extrusion during in vitro maturation of buffalo oocytes, 57 (2002) 1151

Effect of glutathione synthesis stimulation during in vitro maturation of ovine oocytes on embryo development and intracellular peroxide content, 57 (2002) 1443

**Ketone body**

Effects of acetoacetate and D-β-hydroxybutyrate on bovine in vitro embryo development in serum-free medium, 57 (2002) 1551

**Kinetics of penetration**

Effect of sperm survival and CTC staining pattern on in vitro fertilization of porcine oocytes, 57 (2002) 1917

**Lactation duration**

Administration of prostaglandin $F_{2\alpha}$ after farrowing alters the association between lactation length and subsequent litter size in mid- or old-parity sows, 57 (2002) 837

**Lactation length**

Effects of lactation length and an exogenous progesterone and estradiol-17β regimen during embryo attachment on endogenous steroid concentrations and embryo survival in sows, 57 (2002) 2063

**Laparoscopy**

Transfer of porcine embryos through mini-laparotomy, 57 (2002) 1533

**Laparotomy**

Transfer of porcine embryos through mini-laparotomy, 57 (2002) 1533

**Large calves**

The placenta as a contributor to production of large calves, 57 (2002) 181

***Leopardus* spp.**

Seasonal analysis of semen characteristics, serum testosterone and fecal androgens in the ocelot (*Leopardus pardalis*), margay (*L. wiedii*) and tigrina (*L. tigrinus*), 57 (2002) 2027

**Leptin**

Leptin regulation of reproductive function and fertility, 57 (2002) 73

Impact of boar exposure on puberty attainment and breeding outcomes in gilts, 57 (2002) 2015

**Leukocytes**

Generation of reactive oxygen species by equine neutrophils and their effect on motility of equine spermatozoa, 57 (2002) 1025

**LH**

Comparison of two Ovsynch protocols (GnRH versus LH) for fixed timed insemination in buffalo (*Bubalus bubalis*), 57 (2002) 1421

Effects of varying levels of undegradable intake protein on endocrine and metabolic function of young post-partum beef cows, 57 (2002) 2179

Second messenger systems in the action of LH and oxytocin on porcine endometrial cells in vitro, 57 (2002) 2217

**Lipid**

Advancements in cryopreservation of domestic animal embryos, 57 (2002) 285

**Liquid semen**

Effect of different extenders and storage temperatures on sperm viability of liquid ram semen, 57 (2002) 823

**Litter size**
Litter size and piglet traits of gilts with different prolactin receptor genotypes, 57 (2002) 883
The effect of estrogen receptor genotype on litter size and placental traits at term in F2 crossbred gilts, 57 (2002) 1635
Intrauterine insemination of sows with reduced sperm numbers: results of a commercially based field trial, 57 (2002) 1683

**Livestock**
Microfluidic technology for assisted reproduction, 57 (2002) 125
New gene transfer methods, 57 (2002) 189

**"local breeds"**
Animal genetic resources in Brazil: result of five centuries of natural selection, 57 (2002) 223

**Magnesium**
Serum calcium and magnesium concentrations and the use of a calcium–magnesium-borogluconate solution in the treatment of Friesian mares with retained placenta, 57 (2002) 941

**MAPK**
Effect of dietary supplementation with a mixture of Vitamins C and E on fertilization of tertiary butyl hydroperoxide-treated oocytes and parthenogenetic activation in the mouse, 57 (2002) 869

**Mare**
Uterine involution, day and variance of first postpartum ovulation in mares treated with progesterone and estradiol-17β for 1 or 2 days postpartum, 57 (2002) 989
Effect of holding at room temperature on initial chromatin configuration and in vitro maturation rate of equine oocytes, 57 (2002) 1973
Luteal blood flow during the estrous cycle in mares, 57 (2002) 2043
Uterine and ovarian blood flow during the estrous cycle in mares, 57 (2002) 2129

**Mares**
Administration of sulpiride to anovulatory mares in winter: effects on prolactin and gonadotropin concentrations, ovarian activity, ovulation and hair shedding, 57 (2002) 963
Inhibin concentrations in mares with granulosa cell tumors, 57 (2002) 1885

**Marker**
Serum and seminal markers in the diagnosis of disorders of the genital tract of the dog: a mini-review, 57 (2002) 1285

**Maturation**
Microfluidic technology for assisted reproduction, 57 (2002) 125
Effect of meiotic stages and maturation protocols on bovine oocyte's resistance to cryopreservation, 57 (2002) 1095
Effect of follicular size on meiotic and developmental competence of porcine oocytes, 57 (2002) 1523
Optimization of in vitro bovine embryo production: effect of duration of maturation, length of gamete co-incubation, sperm concentration and sire, 57 (2002) 2105

**Maturation media**
Effect of glutathione synthesis stimulation during in vitro maturation of ovine oocytes on embryo development and intracellular peroxide content, 57 (2002) 1443

**Meiotic competence**
Effect of holding at room temperature on initial chromatin configuration and in vitro maturation rate of equine oocytes, 57 (2002) 1973

**Meishan**
The effect of estrogen receptor genotype on litter size and placental traits at term in F2 crossbred gilts, 57 (2002) 1635

**Melengesterol acetate**
Synchronization of estrus in beef heifers using either melengesterol acetate (MGA)/prostaglandin or MGA/Select Synch, 57 (2002) 1485

**Melengestrol acetate**
Synchronization of estrus in virgin beef heifers using melengestrol acetate and $PGF_{2\alpha}$: an efficacy comparison of cloprostenol and dinoprost tromethamine, 57 (2002) 853

**Membrane integrity**
Effect of different extenders and storage temperatures on sperm viability of liquid ram semen, 57 (2002) 823
Effect of centrifugation on in vitro survival of fresh diluted canine spermatozoa, 57 (2002) 1669

**Metritis**
Bacteriological and epidemiological findings during examination of the uterine content of ewes with retention of fetal membranes, 57 (2002) 1809

**MGA**
The use of progestins in regimens for fixed-time artificial insemination in beef cattle, 57 (2002) 1049

**Mice**
Reproductive toxicity and infertility effect of *Ferula hormonis* extracts in mice, 57 (2002) 2247

**Microfluidic**
Microfluidic technology for assisted reproduction, 57 (2002) 125

**Microinjection**
Advances in the production and propagation of transgenic goats using laparoscopic ovum pick-up and in vitro embryo production technologies, 57 (2002) 275
Factors influencing efficient production of transgenic rabbits, 57 (2002) 2237

**Mini-laparotomy**
Transfer of porcine embryos through mini-laparotomy, 57 (2002) 1533

**Morphometry**
Morphometric characterization and classification of alpaca sperm heads using the Sperm-Class Analyzer® computer-assisted system, 57 (2002) 1207

**Motility**
Effect of different extenders and storage temperatures on sperm viability of liquid ram semen, 57 (2002) 823
Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

**MPF**
Effect of dietary supplementation with a mixture of Vitamins C and E on fertilization of tertiary butyl hydroperoxide-treated oocytes and parthenogenetic activation in the mouse, 57 (2002) 869

**ND-5**
Mitochondrial DNA polymorphisms and fertility in beef cattle, 57 (2002) 1603

**Nested PCR**
Sex determination of bovine embryo blastomeres by fluorogenic probes, 57 (2002) 2229

**Neuroendocrine**
Leptin regulation of reproductive function and fertility, 57 (2002) 73

**Neutrophils**
Lochial secretions of *Escherichia coli*- or *Arcanobacterium pyogenes*-infected bovine uteri modulate the phenotype and the functional capacity of neutrophilic granulocytes, 57 (2002) 1161

**Nonreturn rate**
Comparison of Biociphos-Plus® and TRIS-egg yolk extender for cryopreservation of bull semen, 57 (2002) 1087

**Norgestomet implant**
Improvement of reproductive performance in crossbred zebu anestrous primiparous cows by treatment with norgestomet implants or 96 h calf removal, 57 (2002) 1503

**Nuclear maturation**
Pure preovulatory follicular fluid promotes in vitro maturation of in vivo aspirated equine oocytes, 57 (2002) 1765

**Nuclear transfer**
Advances in the production and propagation of transgenic goats using laparoscopic ovum pick-up and in vitro embryo production technologies, 57 (2002) 275
Effect of co-culture with theca interna on nuclear maturation of horse oocytes with low meiotic competence, and subsequent fusion and activation rates after nuclear transfer, 57 (2002) 1005
Viable offspring derived from cryopreserved haploid rabbit parthenotes, 57 (2002) 1319

**Nutrition**
The effect of increased dietary intake on superovulatory response to FSH in heifers, 57 (2002) 1591

**Offspring**
Development of bovine oocytes reconstructed with different donor somatic cells with or without serum starvation, 57 (2002) 1819

**oFSH**
Progesterone concentration as an indicator of ovarian response to superovulation in Chios ewes, 57 (2002) 1143

**Oocyte**
In vitro spontaneous parthenogenetic activation of golden hamster oocytes, 57 (2002) 845
Effect of co-culture with theca interna on nuclear maturation of horse oocytes with low meiotic

competence, and subsequent fusion and activation rates after nuclear transfer, 57 (2002) 1005

The ploidy of in vitro matured bovine oocytes is related to the diameter, 57 (2002) 1303

Effect of follicular size on meiotic and developmental competence of porcine oocytes, 57 (2002) 1523

Effect of holding at room temperature on initial chromatin configuration and in vitro maturation rate of equine oocytes, 57 (2002) 1973

Optimization of in vitro bovine embryo production: effect of duration of maturation, length of gamete co-incubation, sperm concentration and sire, 57 (2002) 2105

**Oocyte maturation**

Plasminogen activator activity in cortical granules of bovine oocytes during in vitro maturation, 57 (2002) 1897

**Oocyte storage**

The effects of oocyte storage and cumulus cell presence on canine zona penetration by domestic dog spermatozoa, 57 (2002) 1123

**Oocytes**

Effects of in vivo prematuration and in vivo final maturation on developmental capacity and quality of pre-implantation embryos, 57 (2002) 5

In vitro production of embryos in swine, 57 (2002) 257

Milk yield, energy balance, hormone, follicular and oocyte measures in early and mid-lactation Holstein cows, 57 (2002) 949

Selection of prepubertal goat oocytes using the brilliant cresyl blue test, 57 (2002) 1397

**Open pulled straw**

Effect of meiotic stages and maturation protocols on bovine oocyte's resistance to cryopreservation, 57 (2002) 1095

**Open-pulled straws**

Piglets born from centrifuged and vitrified early and peri-hatching blastocysts, 57 (2002) 2155

**OPU**

Hormonal stimulation and oocyte maturational competence in prepuberal Mediterranean Italian buffaloes (*Bubalus bubalis*), 57 (2002) 1877

**Osmolarity**

Effect of medium milieu on sperm penetration and pronuclear formation of bovine oocytes matured in vitro, 57 (2002) 2093

**Ovarian cysts**

The effect of interval from day of administration of bovine somatotropin (bST) to synchronization of ovulation and timed-insemination on conception rate of dairy cows with and without ovarian cysts, 57 (2002) 1293

**Ovary**

Leptin regulation of reproductive function and fertility, 57 (2002) 73

Changes in ovarian function in mature beef cows grazing endophyte infected tall fescue, 57 (2002) 1733

Effect of holding at room temperature on initial chromatin configuration and in vitro maturation rate of equine oocytes, 57 (2002) 1973

Uterine and ovarian blood flow during the estrous cycle in mares, 57 (2002) 2129

Reproductive toxicity and infertility effect of *Ferula hormonis* extracts in mice, 57 (2002) 2247

**Ovine prion protein gene (ovine *PrP* gene)**

Polymorphic distribution of the ovine prion protein (*PrP*) gene in scrapie-infected sheep flocks in which embryo transfer was used to circumvent the transmissions of scrapie, 57 (2002) 1865

**Ovsynch**

The use of progestins in regimens for fixed-time artificial insemination in beef cattle, 57 (2002) 1049

**Ovsynch protocol**

Comparison of two Ovsynch protocols (GnRH versus LH) for fixed timed insemination in buffalo (*Bubalus bubalis*), 57 (2002) 1421

**Ovulation**

Administration of sulpiride to anovulatory mares in winter: effects on prolactin and gonadotropin concentrations, ovarian activity, ovulation and hair shedding, 57 (2002) 963

Mechanisms responsible for increase in circulating inhibin levels at the time of ovulation in mares, 57 (2002) 1707

Papanicolaou staining of exfoliated vaginal epithelial cells facilitates the prediction of ovulation in the giant panda, 57 (2002) 1855

**Ovum pick up**

In vitro embryo production in buffalo species: state of the art, 57 (2002) 237

**Oxidative stress**

Generation of reactive oxygen species by equine neutrophils and their effect on motility of equine spermatozoa, 57 (2002) 1025

Reactive oxygen species-mediated loss of bovine sperm motility in egg yolk Tris extender: protection by pyruvate, metal chelators and bovine liver or oviductal fluid catalase, 57 (2002) 1105

Effect of glutathione synthesis stimulation during in vitro maturation of ovine oocytes on embryo development and intracellular peroxide content, 57 (2002) 1443

Spontaneous oxidative DNA damage in bovine retained and nonretained placental membranes, 57 (2002) 1929

**Oxytocin**

Second messenger systems in the action of LH and oxytocin on porcine endometrial cells in vitro, 57 (2002) 2217

**Parity**

Administration of prostaglandin $F_{2\alpha}$ after farrowing alters the association between lactation length and subsequent litter size in mid- or old-parity sows, 57 (2002) 837

**Parthenogenetic activation**

Effect of dietary supplementation with a mixture of Vitamins C and E on fertilization of tertiary butyl hydroperoxide-treated oocytes and parthenogenetic activation in the mouse, 57 (2002) 869

**Parthenogenotes**

Analysis of DNA fragmentation of in vitro cultured bovine blastocysts using TUNEL, 57 (2002) 2193

**Parturition**

Ultrasonic cervimetry to study the dilatation of the caudal cervix of the cow at parturition, 57 (2002) 1989

**PCR–RFLP**

Mitochondrial DNA polymorphisms and fertility in beef cattle, 57 (2002) 1603

**Penis**

Ultrasound-guided injection of contrast medium into the crus penis for diagnosis of erection failure in bulls, 57 (2002) 1199

**$PGF_{2\alpha}$**

Synchronization of estrus in virgin beef heifers using melengestrol acetate and $PGF_{2\alpha}$: an efficacy comparison of cloprostenol and dinoprost tromethamine, 57 (2002) 853

**Phospholipase**

Seasonal variation of goat seminal plasma proteins, 57 (2002) 1035

**Piezo**

Birth of normal calves after intracytoplasmic sperm injection of bovine oocytes: a methodological approach, 57 (2002) 1013

**Pig**

In vitro production of embryos in swine, 57 (2002) 257

Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

Transfer of porcine embryos through mini-laparotomy, 57 (2002) 1533

The effect of estrogen receptor genotype on litter size and placental traits at term in F2 crossbred gilts, 57 (2002) 1635

Piglets born from centrifuged and vitrified early and peri-hatching blastocysts, 57 (2002) 2155

Second messenger systems in the action of LH and oxytocin on porcine endometrial cells in vitro, 57 (2002) 2217

**Piglets**

Piglets born from centrifuged and vitrified early and peri-hatching blastocysts, 57 (2002) 2155

**Pigs**

Litter size and piglet traits of gilts with different prolactin receptor genotypes, 57 (2002) 883

Piglet and placental traits at term in relation to the estrogen receptor genotype in gilts, 57 (2002) 1651

**Placenta**

Litter size and piglet traits of gilts with different prolactin receptor genotypes, 57 (2002) 883

The effect of estrogen receptor genotype on litter size and placental traits at term in F2 crossbred gilts, 57 (2002) 1635

Piglet and placental traits at term in relation to the estrogen receptor genotype in gilts, 57 (2002) 1651

Spontaneous oxidative DNA damage in bovine retained and nonretained placental membranes, 57 (2002) 1929

**Placental membranes**

The placenta as a contributor to production of large calves, 57 (2002) 181

**Plasminogen activator**
Plasminogen activator activity in cortical granules of bovine oocytes during in vitro maturation, 57 (2002) 1897

**Polar body**
Timing of sequential changes in cumulus cells and first polar body extrusion during in vitro maturation of buffalo oocytes, 57 (2002) 1151

**Polymerase chain reaction**
Collection frequency affects percent Y-chromosome bearing sperm, sperm head area and quality of bovine ejaculates, 57 (2002) 1327

**Polyspermy**
Effect of sperm survival and CTC staining pattern on in vitro fertilization of porcine oocytes, 57 (2002) 1917

**Ponies**
Herding and snaking by the harem stallion in domestic herds, 57 (2002) 2139

**Porcine**
Involvement of steroid hormones on in vitro maturation of pig oocytes, 57 (2002) 811
In vitro fertilizing capacity and chromatin condensation of deep frozen boar semen packaged in 0.5 and 5 ml straws, 57 (2002) 2119

**Postpartum**
Uterine involution, day and variance of first postpartum ovulation in mares treated with progesterone and estradiol-17β for 1 or 2 days postpartum, 57 (2002) 989

**Post-partum anestrus**
Effects of varying levels of undegradable intake protein on endocrine and metabolic function of young post-partum beef cows, 57 (2002) 2179

**Power Doppler sonography**
Luteal blood flow during the estrous cycle in mares, 57 (2002) 2043

**Preantral follicles**
Zebu (*Bos indicus*) ovarian preantral follicles: morphological characterization and development of an efficient isolation method, 57 (2002) 1467
In vitro culture of buffalo (*Bubalus bubalis*) preantral follicles, 57 (2002) 1839

**Precocious collection**
Effect of precocious collection on semen output and quality in young Holstein bulls, 57 (2002) 1511

**Pregnancy**
Correlation between the age of the conceptus and various ultrasonographic measurements during the first 30 days of pregnancy in domestic cats (*Felis catus*), 57 (2002) 1981
Transrectal Doppler sonography of uterine blood flow in cows during pregnancy, 57 (2002) 2053
Pregnancy rates for Grade 2 embryos following administration of synthetic GnRH at the time of transfer in embryo-recipient cattle, 57 (2002) 2083

**Pregnancy loss**
Factors affecting pregnancy loss from gestation Day 38 to 90 in lactating dairy cows from a single herd, 57 (2002) 1251

**Preincubation**
Effect of preincubation of cryopreserved porcine epididymal sperm, 57 (2002) 1309

**Prematuration**
Effects of in vivo prematuration and in vivo final maturation on developmental capacity and quality of pre-implantation embryos, 57 (2002) 5

**Prepubertal**
Selection of prepubertal goat oocytes using the brilliant cresyl blue test, 57 (2002) 1397
Effect of in vitro and in vivo culture on embryo development from prepubertal goat IVM–IVF oocytes, 57 (2002) 1431

**Primiparous cows**
Improvement of reproductive performance in crossbred zebu anestrous primiparous cows by treatment with norgestomet implants or 96 h calf removal, 57 (2002) 1503

**pro-αC**
Mechanisms responsible for increase in circulating inhibin levels at the time of ovulation in mares, 57 (2002) 1707

**Progesterone**
The control of follicular wave development for self-appointed embryo transfer programs in cattle, 57 (2002) 53
Involvement of steroid hormones on in vitro maturation of pig oocytes, 57 (2002) 811

Milk yield, energy balance, hormone, follicular and oocyte measures in early and mid-lactation Holstein cows, 57 (2002) 949

Progesterone concentration as an indicator of ovarian response to superovulation in Chios ewes, 57 (2002) 1143

Effect of cumulus cell removal of in vitro matured bovine oocytes prior to in vitro fertilization on subsequent cleavage rate, 57 (2002) 1347

Relation between progesterone concentrations during the early luteal phase and follicular dynamics in goats, 57 (2002) 1411

Embryo recovery and pregnancy rates after the delay of ovulation and fixed time insemination in superstimulated beef cows, 57 (2002) 1625

Estrogen and progesterone receptor content in the pituitary gland and uterus of progesterone-primed and gonadotropin releasing hormone-treated anestrous ewes, 57 (2002) 1719

Luteal blood flow during the estrous cycle in mares, 57 (2002) 2043

Effects of lactation length and an exogenous progesterone and estradiol-17β regimen during embryo attachment on endogenous steroid concentrations and embryo survival in sows, 57 (2002) 2063

Uterine and ovarian blood flow during the estrous cycle in mares, 57 (2002) 2129

Repeat breeding in dairy heifers: follicular dynamics and estrous cycle characteristics in relation to sexual hormone patterns, 57 (2002) 2257

**Progesterone and estrogen**

Uterine involution, day and variance of first postpartum ovulation in mares treated with progesterone and estradiol-17β for 1 or 2 days postpartum, 57 (2002) 989

**Progestins**

The use of progestins in regimens for fixed-time artificial insemination in beef cattle, 57 (2002) 1049

**Prolactin**

Administration of sulpiride to anovulatory mares in winter: effects on prolactin and gonadotropin concentrations, ovarian activity, ovulation and hair shedding, 57 (2002) 963

**Prolactin receptor gene**

Litter size and piglet traits of gilts with different prolactin receptor genotypes, 57 (2002) 883

**Pronuclei**

Effect of medium milieu on sperm penetration and pronuclear formation of bovine oocytes matured in vitro, 57 (2002) 2093

**Prostaglandin**

Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens, cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563

**Prostate**

Serum and seminal markers in the diagnosis of disorders of the genital tract of the dog: a mini-review, 57 (2002) 1285

**Puberty**

Litter size and piglet traits of gilts with different prolactin receptor genotypes, 57 (2002) 883

Impact of boar exposure on puberty attainment and breeding outcomes in gilts, 57 (2002) 2015

**Quality**

Effect of follicular size on meiotic and developmental competence of porcine oocytes, 57 (2002) 1523

**Rabbits**

Viable offspring derived from cryopreserved haploid rabbit parthenotes, 57 (2002) 1319

**Rainbow trout**

Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

**Ram**

Effect of different extenders and storage temperatures on sperm viability of liquid ram semen, 57 (2002) 823

Influence of centrifugation or low extension rates prefreezing on the fertility of ram semen after cervical insemination, 57 (2002) 1781

Testosterone secretion and semen plasma enzyme activity in rams with genital pathology stimulated with GnRH, 57 (2002) 1907

**Ram semen**

Cryopreservation and post-thawed fertility of ram semen frozen in different trehalose concentrations, 57 (2002) 1801

**Receptor**

Estrogen and progesterone receptor content in the pituitary gland and uterus of progesterone-primed

and gonadotropin releasing hormone-treated anestrous ewes, 57 (2002) 1719

**Recipient age**

Factors influencing efficient production of transgenic rabbits, 57 (2002) 2237

**Refrigeration**

Recovery of motile, membrane-intact spermatozoa from canine epididymides stored for 8 days at 4 °C, 57 (2002) 1179

**Repeat breeding**

Repeat breeding in dairy heifers: follicular dynamics and estrous cycle characteristics in relation to sexual hormone patterns, 57 (2002) 2257

**Reproduction**

Physiological classification of anovulatory conditions in cattle, 57 (2002) 21

Gonadal sperm reserve in purebred Landrace and Large White boars of high average daily gain, 57 (2002) 859

Seasonal variation of goat seminal plasma proteins, 57 (2002) 1035

Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

**Reproductive biotechnology**

Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

**Reproductive cycle stage**

In vitro maturation, fertilization and development of domestic cat oocytes recovered from ovaries collected at three stages of the reproductive cycle, 57 (2002) 2289

**Reproductive fitness**

Oral administration of pharmacological doses of Vitamins C and E reduces reproductive fitness and impairs the ovarian and uterine functions of female mice, 57 (2002) 1539

**Reproductive performance**

Reproductive performance of Friesian mares after retained placenta and manual removal of the placenta, 57 (2002) 923

**Research**

Computer assisted semen analyzers in andrology research and veterinary practice, 57 (2002) 149

**Retained placenta**

Reproductive performance of Friesian mares after retained placenta and manual removal of the placenta, 57 (2002) 923

Serum calcium and magnesium concentrations and the use of a calcium–magnesium-borogluconate solution in the treatment of Friesian mares with retained placenta, 57 (2002) 941

**Scrapie**

Polymorphic distribution of the ovine prion protein (*PrP*) gene in scrapie-infected sheep flocks in which embryo transfer was used to circumvent the transmissions of scrapie, 57 (2002) 1865

**Seasonality**

Seasonal analysis of semen characteristics, serum testosterone and fecal androgens in the ocelot (*Leopardus pardalis*), margay (*L. wiedii*) and tigrina (*L. tigrinus*), 57 (2002) 2027

**Semen**

Effect of preparing and loading multiple insemination guns on conception rate in two large commercial dairy herds, 57 (2002) 909

Comparison of extenders, dilution ratios and theophylline addition on the function of cryopreserved walleye semen, 57 (2002) 1061

Reactive oxygen species-mediated loss of bovine sperm motility in egg yolk Tris extender: protection by pyruvate, metal chelators and bovine liver or oviductal fluid catalase, 57 (2002) 1105

Effect of storage time and temperature on stallion sperm DNA and fertility, 57 (2002) 1135

Serum and seminal markers in the diagnosis of disorders of the genital tract of the dog: a mini-review, 57 (2002) 1285

Effect of precocious collection on semen output and quality in young Holstein bulls, 57 (2002) 1511

Effect of centrifugation on in vitro survival of fresh diluted canine spermatozoa, 57 (2002) 1669

Adjusting the number of spermatozoa in mini-straws by determination of the operative volume of bovine semen, 57 (2002) 1743

**"semen cryopreservation"**

Animal genetic resources in Brazil: result of five centuries of natural selection, 57 (2002) 223

**Seminal plasma**

Current status of sperm cryopreservation: why isn't it better?, 57 (2002) 327

Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens,

cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563

**Serum**

Serum and seminal markers in the diagnosis of disorders of the genital tract of the dog: a mini-review, 57 (2002) 1285

**Sex ratio**

Collection frequency affects percent Y-chromosome bearing sperm, sperm head area and quality of bovine ejaculates, 57 (2002) 1327

**Sex steroids**

Immunohistochemical detection of androgen receptors in the canine uterus throughout the estrus cycle, 57 (2002) 2203

**Sexing**

Sex determination of bovine embryo blastomeres by fluorogenic probes, 57 (2002) 2229

**Sheep reproduction**

Progesterone concentration as an indicator of ovarian response to superovulation in Chios ewes, 57 (2002) 1143

Bacteriological and epidemiological findings during examination of the uterine content of ewes with retention of fetal membranes, 57 (2002) 1809

**Size**

The ploidy of in vitro matured bovine oocytes is related to the diameter, 57 (2002) 1303

**Small cats**

Seasonal analysis of semen characteristics, serum testosterone and fecal androgens in the ocelot (*Leopardus pardalis*), margay (*L. wiedii*) and tigrina (*L. tigrinus*), 57 (2002) 2027

**Snaking**

Herding and snaking by the harem stallion in domestic herds, 57 (2002) 2139

**Somatic cell**

Xenonuclear transplantation of buffalo (*Bubalus bubalis*) fetal and adult somatic cell nuclei into bovine (*Bos indicus*) oocyte cytoplasm and their subsequent development, 57 (2002) 1829

**Somatic cell nuclear transfer**

Development of bovine oocytes reconstructed with different donor somatic cells with or without serum starvation, 57 (2002) 1819

**Sow**

Effects of lactation length and an exogenous progesterone and estradiol-17β regimen during embryo attachment on endogenous steroid concentrations and embryo survival in sows, 57 (2002) 2063

**Sows**

Administration of prostaglandin $F_{2\alpha}$ after farrowing alters the association between lactation length and subsequent litter size in mid- or old-parity sows, 57 (2002) 837

Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens, cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563

**Sperm**

Current status of sperm cryopreservation: why isn't it better?, 57 (2002) 327

Gonadal sperm reserve in purebred Landrace and Large White boars of high average daily gain, 57 (2002) 859

Characterization of PH-20 in canine spermatozoa and testis, 57 (2002) 977

**Sperm antigens**

Sperm antigenicity shared in five vertebrate classes, 57 (2002) 1073

**Sperm chromatin**

Effect of storage time and temperature on stallion sperm DNA and fertility, 57 (2002) 1135

In vitro fertilizing capacity and chromatin condensation of deep frozen boar semen packaged in 0.5 and 5 ml straws, 57 (2002) 2119

**Sperm function**

Seasonal variation of goat seminal plasma proteins, 57 (2002) 1035

**Sperm granuloma**

Testosterone secretion and semen plasma enzyme activity in rams with genital pathology stimulated with GnRH, 57 (2002) 1907

**Sperm motility**

Low density lipoproteins extracted from hen egg yolk by an easy method: cryoprotective effect on frozen–thawed bull semen, 57 (2002) 1695

**Sperm penetration**

Optimization of in vitro bovine embryo production: effect of duration of maturation, length of

gamete co-incubation, sperm concentration and sire, 57 (2002) 2105

**Spermatozoa**

Generation of reactive oxygen species by equine neutrophils and their effect on motility of equine spermatozoa, 57 (2002) 1025

Comparison of extenders, dilution ratios and theophylline addition on the function of cryopreserved walleye semen, 57 (2002) 1061

Effect of storage time and temperature on stallion sperm DNA and fertility, 57 (2002) 1135

Morphometric characterization and classification of alpaca sperm heads using the Sperm-Class Analyzer® computer-assisted system, 57 (2002) 1207

Androgenesis in rainbow trout using cryopreserved spermatozoa: the effect of processing and biological factors, 57 (2002) 1229

Capacitation and acrosomal exocytosis are enhanced by incubation of stallion spermatozoa in a commercial semen extender, 57 (2002) 1493

**Spermatozoa and equine**

Growth hormone or insulin-like growth factor-I extends longevity of equine spermatozoa in vitro, 57 (2002) 1793

**Sperm-Class Analyzer®**

Morphometric characterization and classification of alpaca sperm heads using the Sperm-Class Analyzer® computer-assisted system, 57 (2002) 1207

**Stallion**

Effect of storage time and temperature on stallion sperm DNA and fertility, 57 (2002) 1135

Capacitation and acrosomal exocytosis are enhanced by incubation of stallion spermatozoa in a commercial semen extender, 57 (2002) 1493

**Starvation**

Development of bovine oocytes reconstructed with different donor somatic cells with or without serum starvation, 57 (2002) 1819

**Storage**

Effect of different extenders and storage temperatures on sperm viability of liquid ram semen, 57 (2002) 823

**Straw**

Adjusting the number of spermatozoa in mini-straws by determination of the operative volume of bovine semen, 57 (2002) 1743

**Substrate PAGE**

Characterization of PH-20 in canine spermatozoa and testis, 57 (2002) 977

**Suffolk**

Polymorphic distribution of the ovine prion protein (*PrP*) gene in scrapie-infected sheep flocks in which embryo transfer was used to circumvent the transmissions of scrapie, 57 (2002) 1865

**Sulpiride**

Administration of sulpiride to anovulatory mares in winter: effects on prolactin and gonadotropin concentrations, ovarian activity, ovulation and hair shedding, 57 (2002) 963

**Superovulation**

The control of follicular wave development for self-appointed embryo transfer programs in cattle, 57 (2002) 53

Progesterone concentration as an indicator of ovarian response to superovulation in Chios ewes, 57 (2002) 1143

Measurement of inhibin A and follicular status predict the response of ewes to superovulatory FSH treatments, 57 (2002) 1263

Bovine somatotropin increases embryonic development in superovulated cows and improves post-transfer pregnancy rates when given to lactating recipient cows, 57 (2002) 1371

The effect of increased dietary intake on superovulatory response to FSH in heifers, 57 (2002) 1591

Embryo recovery and pregnancy rates after the delay of ovulation and fixed time insemination in superstimulated beef cows, 57 (2002) 1625

**Superoxide dismutase**

Reactive oxygen species-mediated loss of bovine sperm motility in egg yolk Tris extender: protection by pyruvate, metal chelators and bovine liver or oviductal fluid catalase, 57 (2002) 1105

**Swine**

Intrauterine insemination of sows with reduced sperm numbers: results of a commercially based field trial, 57 (2002) 1683

B-mode ultrasonographic examination of the accessory sex glands of boars, 57 (2002) 2003

**Synchronization**
Environmental, genetic and social factors affecting the expression of estrus in beef cows, 57 (2002) 1357

**Synchronization of ovulation**
The effect of interval from day of administration of bovine somatotropin (bST) to synchronization of ovulation and timed-insemination on conception rate of dairy cows with and without ovarian cysts, 57 (2002) 1293

**Teat number**
Litter size and piglet traits of gilts with different prolactin receptor genotypes, 57 (2002) 883

**Testicular degeneration**
Testosterone secretion and semen plasma enzyme activity in rams with genital pathology stimulated with GnRH, 57 (2002) 1907

**Testicular function**
Seasonal analysis of semen characteristics, serum testosterone and fecal androgens in the ocelot (*Leopardus pardalis*), margay (*L. wiedii*) and tigrina (*L. tigrinus*), 57 (2002) 2027

**Testis**
Gonadal sperm reserve in purebred Landrace and Large White boars of high average daily gain, 57 (2002) 859

**Testosterone**
Involvement of steroid hormones on in vitro maturation of pig oocytes, 57 (2002) 811
Testosterone secretion and semen plasma enzyme activity in rams with genital pathology stimulated with GnRH, 57 (2002) 1907

**Thawing**
Effect of preparing and loading multiple insemination guns on conception rate in two large commercial dairy herds, 57 (2002) 909

**Theca interna**
Effect of co-culture with theca interna on nuclear maturation of horse oocytes with low meiotic competence, and subsequent fusion and activation rates after nuclear transfer, 57 (2002) 1005

**Time**
Timing of sequential changes in cumulus cells and first polar body extrusion during in vitro maturation of buffalo oocytes, 57 (2002) 1151

**Timed insemination**
Comparison of two Ovsynch protocols (GnRH versus LH) for fixed timed insemination in buffalo (*Bubalus bubalis*), 57 (2002) 1421

**Timed-insemination**
The effect of interval from day of administration of bovine somatotropin (bST) to synchronization of ovulation and timed-insemination on conception rate of dairy cows with and without ovarian cysts, 57 (2002) 1293

**Transgenic**
New gene transfer methods, 57 (2002) 189
Advances in the production and propagation of transgenic goats using laparoscopic ovum pick-up and in vitro embryo production technologies, 57 (2002) 275

**Transgenic rabbits**
Factors influencing efficient production of transgenic rabbits, 57 (2002) 2237

**Trehalose**
Cryopreservation and post-thawed fertility of ram semen frozen in different trehalose concentrations, 57 (2002) 1801

**TUNEL**
Analysis of DNA fragmentation of in vitro cultured bovine blastocysts using TUNEL, 57 (2002) 2193

**Twins**
Factors affecting pregnancy loss from gestation Day 38 to 90 in lactating dairy cows from a single herd, 57 (2002) 1251

**Ultrarapid cooling**
Effect of meiotic stages and maturation protocols on bovine oocyte's resistance to cryopreservation, 57 (2002) 1095

**Ultrasonic cervimetry**
Ultrasonic cervimetry to study the dilatation of the caudal cervix of the cow at parturition, 57 (2002) 1989

**Ultrasonography**
Relation between progesterone concentrations during the early luteal phase and follicular dynamics in goats, 57 (2002) 1411

**Ultrasound**

Ultrasound-guided injection of contrast medium into the crus penis for diagnosis of erection failure in bulls, 57 (2002) 1199

Correlation between the age of the conceptus and various ultrasonographic measurements during the first 30 days of pregnancy in domestic cats (*Felis catus*), 57 (2002) 1981

**Ultrastructure**

Zebu (*Bos indicus*) ovarian preantral follicles: morphological characterization and development of an efficient isolation method, 57 (2002) 1467

**Undegradable intake protein**

Effects of varying levels of undegradable intake protein on endocrine and metabolic function of young post-partum beef cows, 57 (2002) 2179

**Uterine activity**

Myometrial activity around estrus in sows: spontaneous activity and effects of estrogens, cloprostenol, seminal plasma and clenbuterol, 57 (2002) 1563

**Uterine artery**

Transrectal Doppler sonography of uterine blood flow in cows during pregnancy, 57 (2002) 2053

**Uterine involution**

Uterine involution, day and variance of first postpartum ovulation in mares treated with progesterone and estradiol-17β for 1 or 2 days postpartum, 57 (2002) 989

**Uterus**

Oral administration of pharmacological doses of Vitamins C and E reduces reproductive fitness and impairs the ovarian and uterine functions of female mice, 57 (2002) 1539

Uterine and ovarian blood flow during the estrous cycle in mares, 57 (2002) 2129

Immunohistochemical detection of androgen receptors in the canine uterus throughout the estrus cycle, 57 (2002) 2203

**Vaginal cytology**

Papanicolaou staining of exfoliated vaginal epithelial cells facilitates the prediction of ovulation in the giant panda, 57 (2002) 1855

**Veterinary practice**

Computer assisted semen analyzers in andrology research and veterinary practice, 57 (2002) 149

**Vitrification**

Advancements in cryopreservation of domestic animal embryos, 57 (2002) 285

Effect of meiotic stages and maturation protocols on bovine oocyte's resistance to cryopreservation, 57 (2002) 1095

Piglets born from centrifuged and vitrified early and peri-hatching blastocysts, 57 (2002) 2155

**Volume**

Adjusting the number of spermatozoa in mini-straws by determination of the operative volume of bovine semen, 57 (2002) 1743

**Xenonuclear transplantation**

Xenonuclear transplantation of buffalo (*Bubalus bubalis*) fetal and adult somatic cell nuclei into bovine (*Bos indicus*) oocyte cytoplasm and their subsequent development, 57 (2002) 1829

**Yearling bulls**

Effect of precocious collection on semen output and quality in young Holstein bulls, 57 (2002) 1511

**Yolk LDL**

Low density lipoproteins extracted from hen egg yolk by an easy method: cryoprotective effect on frozen–thawed bull semen, 57 (2002) 1695

**Zebu**

Environmental, genetic and social factors affecting the expression of estrus in beef cows, 57 (2002) 1357

**Zebu cow**

Zebu (*Bos indicus*) ovarian preantral follicles: morphological characterization and development of an efficient isolation method, 57 (2002) 1467

**ZFX/ZFY**

Sex determination of bovine embryo blastomeres by fluorogenic probes, 57 (2002) 2229

**Zona penetration assay**

The effects of oocyte storage and cumulus cell presence on canine zona penetration by domestic dog spermatozoa, 57 (2002) 1123

**Zona-binding**

Recovery of motile, membrane-intact spermatozoa from canine epididymides stored for 8 days at 4 °C, 57 (2002) 1179
